The city is more than demography and architecture, it is a state of mind. Various groups, scenes and subcultures, widely known as "man in the street", shape and are shaped by urban space and its history according to imaginations, nightmares and dreams. Urban anthropologists get immersed in this closely knit fabric of urban culture and conduct field research with all their senses. <br>The ...

Visual anthropology is a subfield of social anthropology that is concerned, in part, with the study and production of ethnographic photography, film and, since the mid-1990s, new media. More recently it has been used by historians of science and visual culture. Although sometimes wrongly conflated with ethnographic film, Visual Anthropology encompasses much more, including the anthropological ...

The Urban Future and the Aging Body. Photograph by author. Please do not reproduce without permission. On Wednesday morning in February 2013, I rang the doorbell of Leena, a 77 years old woman who lived in the city center of Oulu in northern Finland. She had agreed to take me for a walk from her home to the health center.
