Physics 121A Autumn 2005 - University of Washington

Hi guys, I'm really struggling in physics 121. I might not even pass the class. Lectures are very confusing so i don't really understand whats going on. I just wanted to know how you studied for the physics midterms and the final. Did you read and do book problems, or focused on the web assign problems?

Physics 121 : udub

The physics labs are very laidback in comparison to some of the others at UW. There's no strict time limits or strict dress codes. The in-class lab grade is based on participation. But, that doesn't mean you shouldn't be working hard in it. You have to attend 6 out of the 8 labs in order to pass the class.

PHYS 121 : PHYS 122 - UW

Introductory Physics Equation Sheet. Spring 2015. Jim Reid. PHYS 121. This is an equation sheet that covers nearly all topics covered in any introductory physics course. It is well organized and provides diagrams as well as definitions of each term. It was really helpful to me not only in studying for tests but also in doing the homework!
