Exploring Emergent Curriculum - Northern Lights at CCV

Emergent curriculum is a philosophy of teaching and way of planning curriculum that focuses on being responsive to children's interests to create meaningful learning experiences. It can be practiced at any grade level. This philosophy prioritizes active participation, relationship building, flexible and adaptable methods, inquiry, and play-based learning. Curriculum is child-initiated, collaborative and responsive to the children's needs. Proponents of this style of teaching advocate that knowle

Emergent curriculum - Wikipedia

A child's needs and interests will be ever growing, and thus teachers need to keep up with such change in order to deliver the best possible emergent curriculum at a certain period of time. Emergent Curriculum offers an open and welcoming classroom. Emergent Curriculum is very much dependant on the classroom atmosphere and set-up. Similar to the Reggio Emilia approach to childhood education, preschools working with Emergent Curriculum make sure children feel fully welcome to explore, play ...

The benefits of Emergent Curriculum in preschool by ...

The curriculum, often emergent in nature, is based on the interests of the children. When learning is the product of the child's guided construction rather than simply the teacher's transmission and the child's absorption, learning becomes individualized.
