### **Fear The Sky The Fear**

Fear the Sky by Stephen Moss An odd comet is visible through telescopes and scientist Neal Danielson is intrigued. His calculated predictions of how the comet will break up turn out correct. However, there are pieces that enter the atmosphere, each one crashing into an ocean at different points around the globe.

### **Fear the Sky (The Fear Saga, #1) by Stephen Moss**

'Fear the Sky' is an original and meticulously planned invasion story in which we humans are up against a technologically superior race of aliens who have hacked into the Internet and are primed to crash humanity. The plot is frighteningly plausible and the technology does not get in the way of a great concept.

Fear the Sky is a story that not only thrills readers with an exciting science fiction plot, but it also delivers the sense of fear and dread that its title commands. This first book of The Fear Saga establishes a fantastic foundation for the next two books that promise to be just as exciting, if not more so, than this one.

## **Fear the Sky (The Fear Saga Book 1) by Stephen Moss**

Fear the Sky was a great book. I thought the characters of Neal Danielson, John Hunt and madeline Cavanaugh were really thought out and woven into the story line well. The concept of "androids" living among us with alien minds was fantastic.
