Introduction - Knowing Our Numbers - Chapter 1 - Class 6th Maths

In Chapter 3 students learned how to solve one-step and simple multi-step equations using models. In this chapter students extend that work to more complex contexts. In particular they build on understandings developed in Chapter 5 about geometric figures and their relationships. Work on inequalities in this chapter builds on Grade 6

Chapter 6 Real World Equations and Inequalities

In Form 5 Mathematics, you will learn number bases, graphs of functions, transformations, matrices, variations, gradient and area under a graph, probability and bearings. You will also learn calculations on the earth (longitude and latitude) and plans and elevations.
