Typically higher returns than savings accounts: With a money market mutual fund, investors purchase a pool of securities that typically provide higher returns than interest-bearing bank accounts. Money markets might have a national rate of around 0.09% versus a savings account rate of 0.06%. 2

Safe Investments That Can Help Keep Your Money Secure

Since you are taking on risk by investing in a company, the returns on corporate bonds are higher than other types of bonds, no matter how creditable the company's reputation is. While that's reassuring enough for some investors, if you're looking for truly low-risk corporate investing, you should consider bond funds.
