Politics Among Nations

Politics Among Nations lays out Morgenthau's vision of realism as based on human nature, and the manner in which a "will to power" is hard-wired into both people and states. He adopts a positivist approach, asserting that international politics is governed by objective laws.

Politics Among Nations is a classic of political science, built on the firm foundation of Morgenthau's watertight reasoning skills. The central aim of reasoning is to construct a logical and persuasive argument that carefully organizes and supports its conclusions - often around a central concept or scheme of argumentation.
