Most people look at the extension of a file and then guess the type of file from that extension. For example, when you see a file with an extension of gif, jpg, bmp, or png you think of an image file, and when you see a file with an extension of zip, you assume the file has been compressed using a zip compression utility.

Determine a File Type Using the "file" Linux Command

Features The Sencore LC103 Z METER is a complete, capacitor and inductor Analyzer (4 patents) designed to locate defective components. Simply hook the capacitor or inductor to the test leads, push a button and the LC101 automatically displays the value on the digital readout.

Sencore LC101 Analyzer Service Manual

in "Choose default apps by file type" in Windows 10, there are two file types that are not listed; how do I add a file type to the list so that I can associate that file type with a file. For example, I often receive a file that has a file type of .stmt and another fle with a file with the name viewdoc.file. They are both PDF files.

file type is not included in the list of types to choose ...
