To the west, the boundary appears equally distinct. Few areas to the west of 117° West exhibit with any clarity or strength those traits used here to evaluate places properly belonging to the Southwest. No passionate argument extant, romantic or scientific, places Nevada's Great Basin or California's Sierra Nevada within the Southwest.

The map shows the area that Israel controlled at that time. It almost matched the boundaries of the land that God had promised. Gaza was not taken from the Philistines in Solomon's day, and the land of the Canaanites promised to Abraham included the coastal strip all the way to Sidon - the city of Canaan's first-born son.

As with the other sides of the city, there is no consensus as to the exact boundaries of the West Side. The city's annexation of land beyond the original western border at Wood Street gave way to the development of the West Side. The city legislature added more land in 1869 through the annexation of West Town area, and the rest of the area was absorbed in 1899 through the annexation of the ...

As early as 1683 French explorers claimed land west of the Mississippi River, which they called Louisiana, but the boundaries of this territory were not fully delineated. Over the next several decades, the French were primarily active in Canada, developing a fur trade with the Indians there, and establishing settlements in present-day Mississippi, Alabama, and Louisiana.
