The Seekers-Far Shore.

The Far Shore is a hard science fiction adventure series that stands apart from conventional storylines involving space industrialization, government missions, or soldiers in space. It's an interplanetary epic that blends authentic technology with a transformational journey to the outer bounds of human determination.

This is an evolution of the Westwar series first introduced by Vanguard Games with Pas de Calais. Other games using a similar system are Tide of Fortune and the Italian Campaign series (Sicily, Salerno, Anzio and Med War). To The Far Shore features the Allied invasion at Normandy, Operation Cobra, and the Falaise Pocket.
